

2017 PARTNERSHIPS CONFERENCE

CONFERENCE DES PARTENARIATS 2017

April 6-7 avril 2017

Abidjan, Côte d'Ivoire

CCIA Building / Immeuble CCIA

Accelerating delivery of the High5s in fragile situations

Transition States Coordination Office
(RDTS)

AFRICAN DEVELOPMENT BANK GROUP
GROUPE DE LA BANQUE AFRICAINE
DE DÉVELOPPEMENT

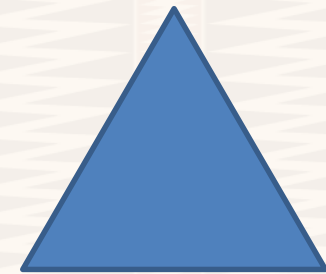

The State of Fragility in Africa

- Fragility in Africa has increased over the past year
- Humanitarian needs expose vulnerabilities
- The Triangle of Disaster

The Triangle of Disaster

Rural Poverty

Lack of jobs

*Environmental
Degradation*

!Africa hosts 29% of the world's displaced people (UNHCR)

AFRICAN DEVELOPMENT BANK GROUP

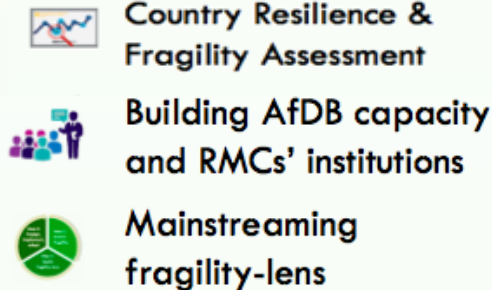

Our Approach

Understanding fragility

Making AfDB fit-for-purpose

Building resilience

GRUPE DE LA BANQUE AFRICAINE
DE DEVELOPEMENT
AFRICAN DEVELOPMENT BANK GROUP

Our Approach (cont'd)

Category 1

- Harmonized list of fragile situations by MDBs; targeted qualitative fragility assessment; presence of armed conflict in the state's territory; presence of violent political/ social uprisings
- Great Lakes and Central Africa Region, Horn of Africa, Mano River Union, Sahel

Category 2

- Risk of spill-over from neighboring conflict; increasing trend and/or sudden onset of governance problems; high risk of sustained social/political unrest;
- Declining trend in policy and institutional performance and/or presence of important non-political drivers of fragility

Category 3

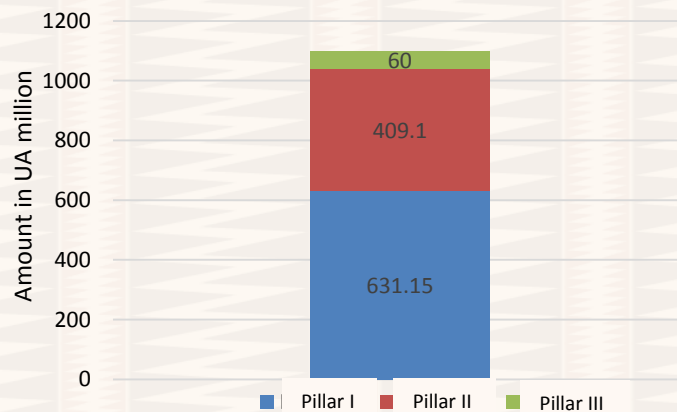

- Relatively low risks of violence or societal breakdown; relatively high capacity of social and political institutions to manage challenges within a legitimate/inclusive framework

AFRICAN DEVELOPMENT BANK GROUP

The Transition States Facility (TSF): A unique instrument to help countries most in need

Three financing pillars : Supplementary Support; Arrears Clearance; Targeted Support (in million UA)

Pillar I : Continuous increase since its creation in 2008

The Ebola Response (USD 223 million)

- Flexibility
- Leveraging
- Quick Response

Latest Initiatives*: Guided by the High 5s and based on partnerships

The High 5 for transforming Africa
Le Top 5 pour transformer l'Afrique

10,000 Communities in 1,000 Days

Say No To Famine

“10,000 Communities in 1,000 Days” Initiative

- Announced by AfDB President Adesina during the inaugural **AfDB Africa Resilience Forum** on 10 January 2017.
- Aims to **identify communities** at the **bottom of the pyramid** and their **needs**, and facilitate the provision of **innovative solutions/ technologies** to those communities through **partnerships**.
- A key element of the Initiative is a **cutting-edge Partnership Platform** for mobilizing resources to facilitate quick but transformational interventions that give hope to populations at the bottom of the pyramid in Africa.

“10,000 Communities in 1,000 Days”

How will it work?

Matching needs and solutions

Partnering to deliver

Prospective Partners: Private sector, MDBs, Donors

Communities across Africa & their High5s Needs

Innovative, proven and available solutions

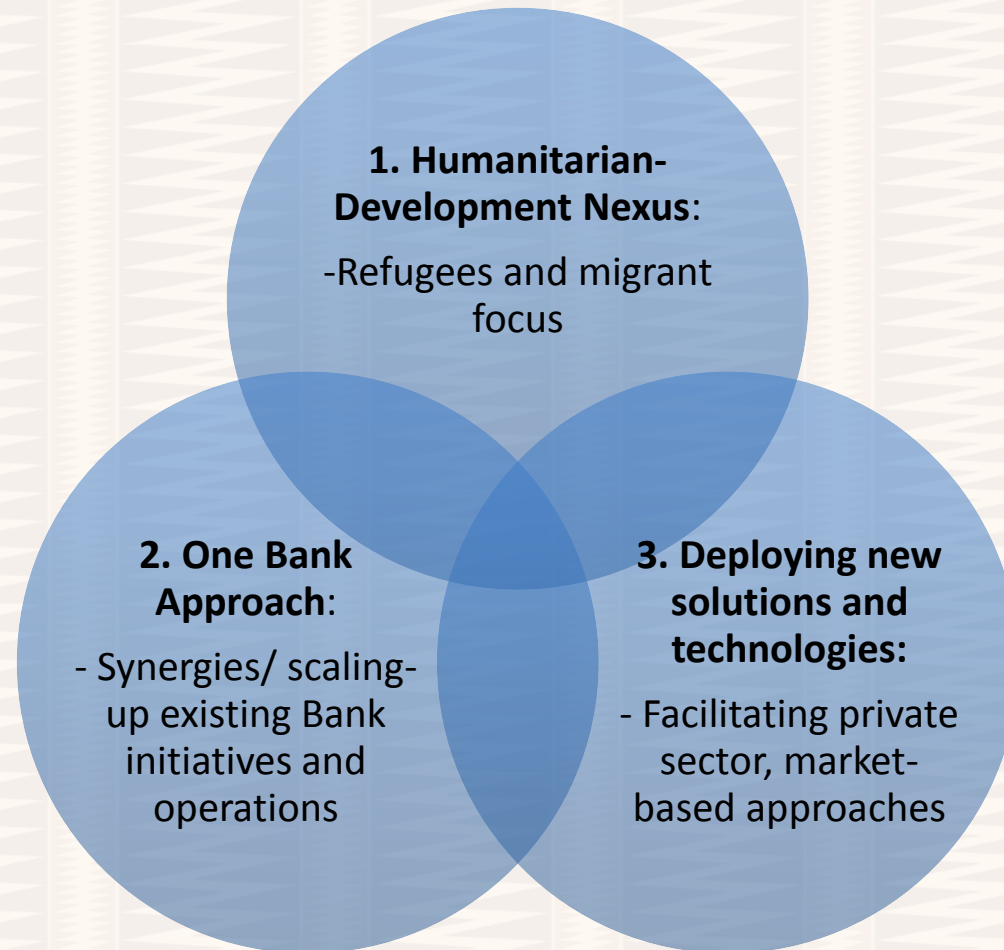

Selection criteria using empirical data & Consultations with DGs & RMCs

“10,000 Communities in 1,000 Days”

A three-pronged approach

“Say No to Famine” Initiative

Unprecedented magnitude and severity of food insecurity

- Somalia and South Sudan are in **urgent need of assistance**.

Somalia

6.2 million

facing starvation
(half of the
population)

South Sudan

7.5 million

facing starvation
(40% of the
population)

- Other areas such as **north-eastern and coastal Kenya, northern Uganda, south-east Ethiopia**, as well as the **Afar region** are also affected by the ongoing drought.
- In the **North East of Nigeria**, more than 5.8 million people face **extreme food and nutrition deficits**.

“Say No to Famine” Initiative

A holistic approach

SHORT TERM

- Address immediate humanitarian needs, specifically for South Sudan and Somalia.
- Food assistance, cash transfers, and logistical support to get food from where it is available to where it is needed.

MEDIUM TERM

- Build sustainable and resilient food systems that facilitate access to efficient, safe, healthy, economically viable and nutritious food products.
- Build resilience against cyclical food security challenges and drought.

LONG TERM

- Support Government to set up an enabling environment for commodity value chain development (through the framework of the Feed Africa program).
- Embedded climate resilience actions and engagement of the private sector.
